TECHNICAL DATA SHEET

SPRAYER

Sprayer with frame in steel and tank in polyethylene and total emptying, fan with nine galvanized blades, suitable to carry out pesticide treatments and fungicides on vineyards and fruit trees. It can be equipped with an herbicide bar (optional) with an extensible part and the possibility of using only the right or left bar through a control opens the taps. In addition, the sprayer can mount a reel (optional) with manual water gun, to work in the most inaccessible and rough areas.
